Through Its Youth Entrepreneurship Fellowship Program

IAEPT's Flagship initiative

IAEPT's flagship drive welcomes final-year and graduate students in Engineering, Management, and Education. This program unlocks the potential of young minds by blending education with enterprise.

 *Where conventional careers meet entrepreneurial innovation*

For whom is the Fellowship Program designed?

The Youth Empowerment Drive: Connecting India through Youth Entrepreneurship Fellowship Program is crafted for aspiring students and employed educators. It offers students a launchpad to build ventures and equips educators with a non-disruptive path to gig-entrepreneurship; preparing both to tackle employment scarcity with innovation.

 *Unlocking potential, creating opportunities, redefining employment*

Empowering Education and Employment

Through Indgiants' assets and E-SAAS systems, this initiative bridges digital gaps, builds sustainable livelihoods, and transforms education into a pathway of innovation and employment. It equips youth with digital skills and nurtures entrepreneurial thinking.

 *Be the change—step up, innovate, and lead India's tomorrow!*

Dare to Dream: From Campus to CEO in Action

Under **The Sixth Element Initiative: Hybrid Method of Education** (adding to Earth, Water, Fire, Air, and Space), IAEPT in association with Indgiants transforms the challenge of limited employment into a gateway for entrepreneurial creation by aligning its vision with digitalisation and innovation in a digitally driven economy.

 *Hybrid Method: transforming limited jobs into limitless entrepreneurship*

The Hybrid Revolution: India's Youth at the Helm

This initiative ignites a wave of youth entrepreneurship; nurtured through mentorship and prepared for impact across India and internationally. The strength of India's tomorrow depends on its youth. Their strongest footprint will emerge in semi-urban and rural belts, where opportunity meets aspiration.

 *Where youth ambition meets opportunity, a new India rises*
