On 8th February 2026, IAEPT successfully conducted a Faculty Development Programme (FDP) on Outcome Based Education and Hybrid Method of Education; NEP and NCF Aligned Teaching Pedagogy for School Teachers; with participation from about 100 delegates, including Heads of Schools and teaching faculty. Sessions on Outcome Based Education, Assessment Re imagined, and Hybrid Method of Education provided strong conceptual clarity and practical insights; helping teachers move from syllabus driven teaching to outcome focused pedagogy. The programme was well structured and executed precisely as scheduled; beginning with an inaugural orientation on NEP 2020 and NCF 2023, clearly linking national policy to classroom practice. Each session was designed for continuity and engagement; enabling progressive learning throughout the day.
